Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 8, 9, 12, 13, 19 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. For claim 2, "the first slots" lacks antecedent basis. For claim 8, it is unclear whether or not the "a first edge" is the same first edge of the slots claimed previously. For claim 9, it is unclear whether or not the "ramped forward portion" is the same portion claimed previously. For claims 12 and 13, it is unclear whether or not the appliance is to be claimed in combination with the console. In claim 1, the console is the subject matter being claimed; the appliance appearing in intended use statements. However, in claims 12 and 13, the console and its features are positively claimed with respect to the appliance and its features, e.g. "feet are received in the slots". For claim 19, it is unclear whether or not the "a top cover" and the "a laundry appliance" in line 6 are the same features as claimed previously in the preamble.

Allowable Subject Matter

Claims 1-7, 10, 11, and 14-18 are allowed.

Claim 19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 8, 9, 12, 13 and 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

(For claims 1, 14, and 19, the prior art fails to teach a console having a flexible body portion and two pair of feet adapted to attach/attaching into slots of an appliance.)
